Career Objective

Motivated and detail-oriented BCA student with a strong foundation in C#, ASP.NET Core, and SQL Server. Passionate about building responsive and efficient web applications using .NET technologies. Seeking an entry-level .NET Full Stack Developer role to apply technical skills and contribute to innovative software solutions.

Education

Microtek College of Management & Technology, Varanasi
Bachelor of Computer Applications (BCA) | 2022 – 2025
Relevant Coursework: Data Structures, DBMS, Web Development, Software Engineering

Hans Vahini Inter College, Sonebhadra
Intermediate (12th), High School (10th)

Projects

Hospital Management System – .NET Core MVC

• Developed a web-based hospital management application using ASP.NET Core MVC and SQL Server.
• Implemented CRUD operations for patient, doctor, and appointment management.
• Designed a secure login module with role-based authentication for Admin and Staff.
• Integrated Entity Framework Core for database handling and LINQ queries.

E-Commerce Admin Panel – ASP.NET Core & React

• Built an admin dashboard to manage products, categories, and orders.
• Created RESTful APIs with ASP.NET Core Web API and consumed them via React frontend.
• Used Entity Framework Core and SQL Server for data persistence.
• Implemented responsive design with Bootstrap and optimized performance.

Technical Skills

Languages: C#, JavaScript, HTML, CSS
Frameworks: ASP.NET Core, MVC, Entity Framework, LINQ
Database: SQL Server, MySQL
Tools: Visual Studio, GitHub, Postman, VS Code
Concepts: OOPs, RESTful APIs, Database Design

Certifications

• Decode Full Stack Web Dev 1.0 – PW Skills
• Backend Development Course – PW Skills
• System Design Workshop (10 Days) – PW Skills

Achievements & Interests

• Participated in college hackathons and coding workshops.
• Interested in Cloud Computing and Data Analytics.
